Not “don’t be evil” anymore

joedziewa 34m

What’s going on with the people who gave up on “don’t be evil” and iNat?

Being evil and not using iNat, presumably? Can you add some more context to this question, it’s vague and can be taken to mean anything.

I could be wrong but I thought I saw that phrase tossed around when talking about the Google AI Grant. I believe it was a previous google slogan but I’m not sure.

I’m sorry, but what is this? I’ve been here 5+ years and this is the first time I’ve heard of it.

Okay yeah, don’t be evil was google’s slogan till 2018. I guess they are talking about the AI Grant.
